It is a pleasure to learn that the Carpet Export Promotion Council (CEPC) is organizing the 40th India Carpet Expo. The initiative to organize the first ever virtual exhibition is a way forward during the challenges arising due to Corona pandemic.

There has always been a great demand for handmade carpets prepared by our skilled weavers. The digital exhibition will provide an able platform to our indigenous craft, rooted in aesthetic brilliance of thought and design, and take them to overseas buyers.

Driven by the sentiment of 'vocal for local' and 'vocal for handmade', the present situation has brought before us a great opportunity. It has firmed our resolve to strengthen local supply chain and fully integrate it with the world economy. We are constantly taking holistic measures to create the right ecosystems to encourage and promote local products. We must take leverage of innovation and technology to help our products grow into robust global brands.

I am sure that the 40th India Carpet Expo will facilitate a lively meet between Indian suppliers of handmade carpets and prospective buyers at the global level. It will prove to be an ideal platform to share the latest products, best practices and experiences for mutual benefit, and add to our efforts towards an *Aatmanirbhar Bharat*.

May the 40th edition of the Expo succeed in attaining its objectives, and the Virtual Fair Directory be read and liked widely.

My best wishes to the organizers and participants.
